"WHEN" clauses should not have too many lines of code
 Code Smell
Files should not have too many lines of code
 Code Smell
Lines should not be too long
 Code Smell
Reserved keywords should not be used as identifiers or object names
 Code Smell
Non-standard comparison operators should not be used
 Code Smell
Tabulation characters should not be used
 Code Smell

Tabulation characters should not be used

 Code Smell  Minor   convention

Developers should not need to configure the tab width of their text editors in order to be able to read source code.

So the use of the tabulation character must be banned.
