MySQL Editions

MySQL is the world's most popular open source database. Whether you are a fast growing web property, technology ISV or large enterprise, MySQL can cost-effectively help you deliver high performance, scalable database applications.

MySQL Community Edition is the freely downloadable version of the world's most popular open source database.

- Learn more about the MySQL Community Edition
- Download the MySQL Community Edition

Commercial customers have the flexibility of choosing from multiple editions to meet specific business and technical requirements:

- MySQL Standard Edition
- MySQL Enterprise Edition
- MySQL Cluster Carrier Grade Edition

ISVs, OEMs and VARs can learn more about MySQL as an Embedded Database

	MySQL Standard Edition	MySQL Enterprise Edition	MySQL Cluster Carrier Grade Edition
Annual Subscription[2,3,4,5] product-metric	USD 2,000 Buy Now	USD 5,000 Buy Now	USD 10,000 Buy Now

Certified with Oracle Audit Vault and Database Firewall[6]		√	√
Complete List of Supported Platforms »			

[1] Features only available in Commercial Editions.

[2] Annual Subscription: is defined as the right to use the specified program(s) in accordance with the applicable license metric and to receive Oracle Software Update License & Support for the specified program(s) for the term specified on the order.

[3] **Oracle Premier Support for MySQL** is included in Annual Subscriptions (no extra cost)

[4] Server: is defined as the computer on which the programs are installed. A Server license allows you to use the licensed program on a single specified computer.

[5] Socket: is defined as a slot that houses a chip (or a multi-chip module), which contains a collection of one or more cores. Regardless of the number of cores, each chip (or multi-chip module) counts as a single socket. All occupied sockets on which the Oracle programs is installed and/or running must be licensed.

[6] Non-MySQL products not included (can be purchased separately)

Pricing is "per Server", for 2 classes: Servers with 1-4 Sockets, and Servers with 5+ Sockets

For pricing for 5+ Socket Servers, contact the MySQL Sales Team

For educational purposes only. Subject to change without notice.
